The Standard News Corporation | 905-985-6985
colleen@thestandardnewspaper.ca

Current Hours: 9 a.m. to 5 p.m., Monday to Friday

To visit by store a client can stop in, provided they have no covid-19 symptoms, or have been exposed to someone who has covid-19 symptoms, or has recently returned from a country known to have the covid-19 pandemic.

Currently, staff of no more than 2 staff members in the office at a time.

Yes, we deliver The Standard newspaper to dropboxes, and homes. We have giving our carriers the option to not deliver but so far all are willing to delivery. We have given them the option to drop the papers

in people's laneways as opposed to going to the front door, in an effort to limit exposure to our carriers and our readership. We will not be delivering to racks in stores that have closed their doors due to covid-19. We are increasing the number of papers we put in our outdoor dropboxes for this reason.

We have set up a page on our website for cancellations and postponements. We are posting these on our facebook and twitter accounts. We are asking the public to let us know of any cancellations or closures due to covid-19, so we can post them on our site and in our paper. As a news media outlet we are always a portal of communication but especially so in this time of crisis.

One of the messages we want the public to understand is that many businesses are still open and to please patronize them in a safe manner.

Wave Dental Port Perry | 905-982-0399

Well, in an effort to keep our staff and their families safe, and in order to best serve the health of our community, both of our offices are physically CLOSED for now, but that doesn't mean we're not here to help!

We know that a dental emergency during this period of self-isolation might be a scary thought, especially when most dental offices are closed and hospital emergency rooms are already full.

In order to help alleviate some of the strain on our delicate healthcare system, Wave Dental is introducing what we're lovingly calling **TeleDent – a telephone/online triaging service to help get you through your dental emergency while maintaining our social distance!**

If you are in pain, swollen or are having a toothache, we encourage you to contact our office by telephone (905-982-0399) or via Facebook Messenger, any time, day or night.

Our staff and our dentists are working from home and are on standby between 9am-1pm weekdays to answer your questions, triage your situation, and hopefully get you comfortable.

If you have an emergency outside of those hours, leave a voicemail message, or contact us via Facebook messenger and we will do our best to help you as quickly as possible!

As you can imagine, our phone lines are quite busy, so if you can't get through, please leave a message and your call will be returned as soon as possible.

We know these are uncertain times, we hope that by offering these services at least one small part will be a little less stressful.

Wishing everyone health and sanity during this trying time...and for goodness sake, stay home and wash your hands!!

Much love,
The entire (working from home) Wave Dental Team!
